INTRODUCTION

This document is template. We ask that authors follow some simple guidelines. In essence, we ask you to make your paper look exactly like this document. The easiest way to do this is simply to download the template, and replace the content with your own material.

PAGE LAYOUT

An easy way to comply with the conference paper formatting requirements is to use this document as a template and simply type your text into it.

Page Layout

Your paper must use a page size of 21cm wide and 28cm long (custom size). The margins must be set as follows:

- Top = 0.98"
- Bottom = 0.98"
- Left = 0.77"
- Right = 0.77"

Your paper must be in two column format with a space of 0.42cm between columns.

PAGE STYLE

All paragraphs must be indented. All paragraphs must be justified, i.e. both left-justified and right-justified.

Text Font of Entire Document

The entire document should be in Times New Roman or Times font. Type 3 fonts must not be used. Other font types may be used if needed for special purposes.

Recommended font sizes are shown in Table 1.

Title and Author Details

Title must be in 14 pt Times New Roman font. Author name must be in 11 pt Regular font. Author affiliation and Email address must be in 9 pt Italic.

TABLE 1 FONT SIZES FOR PAPERS

Font Size	I. Appearance (in Verdana)		
	Regular	Bold	Italic
10	table caption (in Small Caps), figure caption, reference item		reference item (partial)
9	author email address, cell in a table

11	author name		
14	title		

All title and author details must be in single-column format and must be centred. Every word in a title must be capitalized. Email address is compulsory for the corresponding author.

Section Headings

No more than 3 levels of headings should be used. All headings must be in 10pt font. Every word in a heading must be capitalized except for short minor words as listed in Section III-B.

Level-1 Heading: A level-1 heading must be in Small Caps, centred and numbered using uppercase Roman numerals. For example, see heading "III. Page Style" of this document. The two level-1 headings which must not be numbered are "Acknowledgment" and "References".

Level-2 Heading: A level-2 heading must be in Italic, left-justified and numbered using an uppercase alphabetic letter followed by a period. For example, see heading "C. Section Headings" above.

Level-3 Heading: A level-3 heading must be indented, in Italic and numbered with an Arabic numeral followed by a right parenthesis. The level-3 heading must end with a colon. The body of the level-3 section immediately follows the level-3 heading in the same paragraph. For example, this paragraph begins with a level-3 heading.

Figures and Tables

Figures and tables must be centred in the column. Large figures and tables may span across both columns. Any table or figure that takes up more than 1 column width must be positioned either at the top or at the bottom of the page.

Figure Captions

Figures must be numbered using Roman numerals. Figure captions must be in 10 pt Regular font. Captions of a single line must be centred whereas multi-line captions must be justified. Captions with figure numbers must be placed after their associated figures

All hypertext links and section bookmarks will be removed from papers during the processing of papers for publication. If you need to refer to an Internet email address or URL in your paper, you must type out the address or URL fully in Regular font.

REFERENCES

The heading of the References section must not be numbered. All reference items must be in 8 pt font. Please use Regular and Italic styles to distinguish different fields as shown in the References section. Number the reference items consecutively in square brackets (e.g. [1])
